

INFORMATION LETTER

International Scientific and Practical Conference “Digital Education in the Era of Artificial Intelligence”

Dear Colleagues, **Almaty Management University (AlmaU)**, one of the leading universities in Central Asia, invites you to participate in the **International Scientific and Practical Conference “Digital Education in the Era of Artificial Intelligence”**, which will be held on **March 18, 2026**, in **Almaty, Kazakhstan**, in an **online format**.

About the Conference

The conference aims to create an international platform for the exchange of best practices in the field of digitalization and the application of artificial intelligence in higher education. The conference priorities include identifying the impact of AI and digital technologies on the quality of education and university governance, strengthening cooperation between academia, government, and the EdTech industry, discussing modern methodologies with an emphasis on ethics and data security, as well as defining directions for the development of educators’ digital competencies.

Key Conference Tracks

- Artificial Intelligence in Education
- Predictive Analytics and Machine Learning in Pedagogy
- Data-Driven Decision Support Systems
- Virtual and Augmented Reality
- Transformation of Distance and Hybrid Learning
- Cybersecurity in Educational Technologies
- Teaching Programming and Computational Thinking

More detailed information is available at:  <https://decai.almau.edu.kz/>

Format and Participation

The conference program includes a **plenary session**, **thematic sections**, and **experience-sharing events**. Representatives of **universities**, **research centers**, and **EdTech companies** are invited to participate.

Application Procedure

Participant Registration

To participate in the conference, it is necessary to complete the registration form.

During registration, please indicate:

- **Category of participation:** participant without a presentation or participant with a presentation.
- **Participant status:** learner, faculty member, company representative.

Submission of Materials

After registration, please submit your **paper or abstracts** (according to the selected type of participation) via email:  decai@almau.edu.kz

If only an **oral presentation without publication** is planned, submission of **abstracts only** is allowed.

Publication of Materials

An **electronic proceedings volume** will be published by the opening of the conference and made available on the conference website:  <https://decai.almau.edu.kz/>
